## FRONT-END/FULLSTACK

### PERSONAL STATEMENT

I think since I was a kid that robots are one of the most amazing things. I learned how to code in 2016 (C and C#), transitioning to web software engineering in september 2022th.

I speak portuguese and english with mastery, hablo un rato de español, lo suficiente para tener descuentos en paraguay

I like to do work that is satisfactory and work that matters.
